

Dale Hatchard and his family have been attending The Journey Church since 2008, after they relocated to Riverview from Nova Scotia.

He has worked in the pest control industry for the past 16 years and is currently an Operations Manager with Rentokil North America.

Dale has been a part of The Journey Church worship tech team for 10+ years. He has served on hospitality teams, and previously served on The Journey Church board for six years, as both a member and chair.

Keith Grant has been attending The Journey Church for the last four years, when he, Joy, and their daughters, Abigail, Lily, and Hannah, moved to Riverview. It was a bit of a homecoming for them, having served at the church while students, more than 20 years ago.

Keith is a history professor at Crandall University, and before that was a pastor in Baptist churches in Nova Scotia. He enjoys mystery novels, nature photography, and a bit of woodworking.

Originally from Cape Breton and PEI, the Grants have found God to be faithful in Vancouver, Halifax, and Fredericton. Keith is most thankful now that their daughters have found friends and a place to serve here at The Journey Church.
